- **511E**: 17” upper with elastic top. 200 pr./case

**PANTS**
- **541E**: Elastic waist. Sizes S-XXL, 50/case
FEATURES:

- Tychem CPF 1 is a multi-layer barrier film laminated to a polypropylene fabric.
- Light liquid splash protection.
- Comfortable, durable and lightweight.
- Tychem CPF is blue in colour and is available in many different configurations.

APPLICATIONS:

Used extensively in the petroleum, pulp, paper, food chemical, and pharmaceutical industries.

- **PCC1127S** Tychem CPF 1 coverall with serged seams, hood, elastic wrist, and ankles.
- **PCC1122S** Same as above with attached socks. Note socks must be worn inside protective footwear.
- **PCC1526B** Tychem CPF 1 encapsulated Level B suit with bound seams, socks, face shield. Rear entry, with exhaust vent and airline access. Note socks must be worn inside protective footwear.

**Tychem CPF 2**

FEATURES:

- Tychem CPF 2 is a saranex 23-P film laminated to a tough 1.5 oz polypropylene fabric.
- Rugged and durable, even in environments where abrasion is an issue.
- Tychem CPF 2 is grey in colour and is available in many different configurations.

APPLICATIONS:

Uses include PCB clean-up, waste management, hazardous response and nuclear environments. Please check with DuPont representative before using this product in above areas to make sure you are properly protected.

- **PCC2127B** Tychem CPF 2 coverall with bound seams, hood, elastic wrist and ankles.
- **PCC2122B** Same as above with attached socks. Note socks must be worn inside protective footwear.
- **PCC2526B** Tychem CPF 2 encapsulated Level B suit with bound seams, socks, and face shield. Rear entry, with 2 exhaust vents and airline access. Note socks must be worn inside protective footwear.
Tychem CPF 3

Features:
- Tychem CPF 3 is a multi-layer barrier film laminated to a durable 2 oz polypropylene fabric.
- Strong and durable garment with broad chemical barrier.
- Use when potential exposure to chemical warfare exists.
- Tychem CPF 3 is tan in colour and is available in many different configurations.

Applications:
Fire departments, industrial hazmat team and chemical warfare protection.

PCC3127T CPF 3 coverall with taped seams, hood, elastic wrist and ankles.

PCC3122T Same as above with attached socks. Note socks must be worn inside protective footwear.
12 ea/case, Sizes S-4XL

Tychem CPF 4

Features:
- Tychem CPF 4 is a multi-layer composite barrier laminated to a strong non-woven substrate.
- Tear, puncture and abrasion resistant for lasting consistent protection.
- Tychem CPF 4 is moss green in colour and is available in many different configurations.

Applications:
Uses include chemical handling, petrochemical manufacturing and emergency response.

PCC4127T CPF 4 coverall with taped seams, hood, elastic wrist and ankles.

PCC4528T CPF4 encapsulated Level B suit with taped seams, socks, face shield. Rear entry, with two exhaust vents, and expanded back.
Note socks must be worn inside protective footwear.
6 ea/case, Sizes S-3XL
**TYCHEM RESPONDER**

**FEATURES:**
- Patented, lightweight fabric of multiple film barriers laminated to both sides of a 3 oz. Polypropylene fabric.
- 2 layer face shield.
- Gas tight PVC zipper.
- Double storm flap.
- Internal adjustment belt.
- Attached butyl gloves and knee pads.
- Successfully tested against 280 chemicals.
- Attached socks that must be worn inside protective footwear.
- Tychem Responder is available in many different configurations.

**APPLICATIONS:**
Suited for HazMat and domestic preparedness situations.

- **PCRS562T** Responder encapsulated level A HazMat suit with front entry.
- **PCRS563T** Responder encapsulated level A HazMat suit with rear entry. 1/case, Size S-3XL

**TYCHEM TK**

**FEATURES:**
- Outer suit is aluminized fiberglass with sewn Nomex seams.
- Gas tight zipper closure.
- Double storm flap.
- 4 exhaust valves and expanded back.
- 3 layer EX faceshield.
- Attached 3 layer gloves, Barrier/Neoprene/Kevlar Knit.
- Attached socks that must be worn inside protective footwear.
- Tychem TK is high visibility in colour and is available in many different configurations.

**APPLICATIONS:**
Suited for HazMat response where heat may be a factor.

- **PCTK600T** Tychem TK fully encapsulated level A suit with front entry.
- **PCTK601T** Tychem TK fully encapsulated level A suit with rear entry. 1/case, Sizes S-3XL
**NOMEX LIMITEDWEAR**

**FEATURES:**
- Inherently flame resistant, will not melt or support combustion in air.
- Intended to be worn over cotton work cloths.
- Can be laundered to remove soiling and contamination without impacting thermal performance.
- Lighter, more breathable and more flexible than other FR garments.

**APPLICATIONS:**
Ideal for uses in industries where the potential for flash fires and electric arcs exist.

**PCNL149S** Nomex limited wear coverall with zipper and left breast pocket.
Sizes S-4XL, 10/case

**TEMMPRO**

**FEATURES:**
- Disposable, secondary, flame resistant garment that must be worn over primary FR protection.
- Helps resist solids and non-toxic liquids from contaminating primary FR garments.

**APPLICATIONS:**
Ideal for use in steel mills, coal mines, refineries, and utilities.

**PCTM127S** Tempro coverall with serged seam, hood, elastic wrist and ankles.
Sizes S-4XL, 25/case
DISPOSABLE

FEATURES:
Economical 1.5 mil and 1.75 mil polyethylene aprons offer light duty protection from certain liquids, fats, and oils.

APPLICATIONS:
Used primarily in the food processing and preparation industry.

APE1.5W2846  White 1.5 mil polyethylene apron, 28"x46"
APE1.5B2846  Blue 1.5 mil polyethylene apron, 28"x46"
APE1.75B2846 Blue 1.75 mil polyethylene apron, 28"x46"

Sold by each. 100/pack, 10packs/case

VINYL

FEATURES:
Vinyl aprons provide economical protection. Available in blue and white colours

APPLICATIONS:
Protect against chemicals, fats, oils, grease, and minor abrasions.

AVN6BU3545  6 mil blue vinyl bib apron, 35"x45".
AVSAN-45    6 mil white vinyl bib apron, 35"x45".

Sold by the each, 100/case.

PVC

FEATURES:
PVC on nylon aprons offer medium duty protection at an affordable price.

APPLICATIONS:
Plating, Food processing and industrial maintenance.

APVC14Y3545  14 mil yellow pvc bib apron with stomach patch, 35"x45".
APVC20W3545  20 mil white bib apron, 35"x45".

Sold by the each, 12/case
FEATURES:
A low cost apron that is extremely light weight and provides abrasion resistance.

APPLICATIONS:
Food processing and industrial maintenance.

ANE13BK3545
ANE19BK3545

FEATURES:
Heavy duty aprons available in 12.5 oz. And 19 oz. They provide excellent chemical and puncture resistance.

APPLICATIONS:
Food and chemical processing, industrial maintenance.

ANE13BK3545 Same as above, except black in colour.
ANE19BK3545 19 oz. Black neoprene bib apron, 35"x45". Sold by the each. 12/case.
PROTECTIVE CLOTHING

HYCAR

FEATURES:
Heavy duty aprons that perform excellent under cold conditions.

APPLICATIONS:
Food processing industry where extra protection is required.

AHY14Y3545  14 oz. Yellow Hycar bib apron, 35” x 45”.
Sold by the each, 12/case.

POLYURETHANE

APRON:
These polyurethane aprons are designed to be extremely chemical and abrasion resistant. They are also machine washable.

APBU3645  Blue polyurethane apron 36” x 45”
Sold by the each. 36/case.

APY3645  Yellow polyurethane apron 36” x 45”
Sold by the each. 36/case.

APRON/GOWN:
The polyurethane apron/gown combination is designed to provide additional coverage for the arms and shoulders. This material is chemical and abrasion resistant and is machine washable.

AGPBU3645  Blue polyurethane apron/gown 36” x 45”
Sizes M-L-XL-2XL-3XL
Sold by the each. 36/case.

AGPY3645  Yellow polyurethane apron/gown 36” x 45”
Sizes M-L-XL-2XL-3XL
Sold by the each. 36/case.
**PROTECTIVE CLOTHING**

### DENIM & COTTON

**FEATURES:**
Heavy duty cotton. Provides coolness and comfort.

**APPLICATIONS:**
Bakeries, butcher shops, and carpentry.

- **ADE14BU2436**
  14 oz. Blue denim bib apron, 24”x36”.
  Sold by the each, 300/case.

- **ADE14W1122**
  14 oz. White cotton waist apron, 11”x22”.
  Sold by the each, 300/case.

- **ACT10W1612**
  10 oz. White cotton waist apron, 16”x12”.
  Sold by the each, 144/case.

### LEATHER

**FEATURES:**
Made of a soft pliable leather that is extremely durable.

**APPLICATIONS:**
Welding and grinding.

- **ASL3GY2436**
  Grey split leather bib apron, 24”x36”.
  Sold by the each 12/case.

- **ASL3GY2424**
  Grey split leather waist apron, 24”x24”.
  Sold by the each. 50/case.

### STAINLESS STEEL MESH

**FEATURES:**
Stainless steel ring mesh aprons are the most cut resistant aprons.

**APPLICATIONS:**
Food processing industry.

- **A2634**
  Stainless steel mesh apron with adjustable shoulder, back and side straps.

- **AP24X22UL**
  Ultra-lamex metal chainex apron.
  Sold by the each.
POLYETHYLENE

FEATURES:
Economical polyethylene sleeves provide general protection from light duty solutions and are primarily used in the food industry.

SLPEE16
16” white polyethylene sleeve with elastic at both ends.
Sold by the pack, 100 each/pack
50 packs/case

SLPEE16B
16” blue polyethylene sleeve with elastic at both ends.
Sold by the pack, 100 each/pack
50 packs/case

URETHANE

FEATURES:
A durable sleeve that offers protection for mild chemicals and light abrasion.

SLUEE18
18” yellow urethane sleeve with elastics at both ends.
Sold by the pr, 96 pr/case

NEOPRENENE

FEATURES:
A durable sleeve that offers protection for mild chemicals and light abrasion.

SLNEE18
18” yellow neoprene sleeve with elastics at both ends.
Sold by the pr, 96 pr/case

COTTON

FEATURES:
Heavy duty cotton sleeves provide breathability along with light duty protection.

SLCEE18
18” white cotton sleeve with elastics at both ends.
Sold by the pr, 100 pr/case

SLCKWV20
20” white cotton sleeve with knit wrist and velcro upper closure.
Sold by the pr, 120pr/case

SLCKBV20
20” Blue cotton sleeve with knit wrist and velcro upper closure.
Sold by the pr, 120pr/case
FEATURES:

**PROTECTIVE CLOTHING**

**TERRY CLOTH**

- Terry cloth sleeves offer protection from low to medium heat without restricting movement.

- **SLTEE16** 16” terry cloth sleeve with elastics at both ends.
- Sold by the pr, 72 pr/case

**KEVLAR**

- Kevlar offers both cut resistance and protection from heat and sparks.

- **SLKK8** 8” two ply Kevlar knit sleeve
- **SLKK10** 10” two ply Kevlar knit sleeve
- **SLKK12** 12” two ply Kevlar knit sleeve
- **SLKK14** 14” two ply Kevlar knit sleeve
- **SLKK18TH** 18” two ply Kevlar knit sleeve with thumb hole.
- Sold by the pr, 240 pr/case
- **SLSK8** 8” Kevlar knit sleeve
- Sold by the pr, 24 pr/case

**CANE MESH**

- Heavy duty nylon offers good cut and abrasion resistance and the Velcro closure allows easy on and off.

- **SLCMV7BU** 7” blue cane mesh sleeve with Velcro closure.
- **SLCMV9BU** 9” blue cane mesh sleeve with Velcro closure.
- Sold by the pr, 100 pr/case

**POLYURETHANE**

- A strong durable material that resists chemicals and abrasion.

- **SLPB18** 18” blue polyurethane sleeve with elastic at both ends.
- **SLPY18** 18” yellow polyurethane sleeve with elastic at both ends.
