 McCordick – A Bunzl Company
 400 Jamieson PKWY
 Cambridge, ON

Dear Valued Customer,

McCordick - A Bunzl Company has been, and will continue to be, a leader in the Personal Safety Equipment industry throughout Canada. For over 40 years, McCordick has been a trusted single source for gloves and safety products. It is our mission to be the global leader in our industry; to ensure all our customers obtain the highest quality products, service, and value they deserve.

Given the recent news and steady development of the (Coronavirus) COVID-19 outbreak, requests for NIOSH approved N95 Particulate Respirators are increasing all across Canada. Please be aware that manual product allocation has been implemented for our warehoused inventory and priority will be given for purchase orders related to existing contracts and/or regular forecasted usage. Due to the increased demand of NIOSH approved N95 (Disposable) Particulate Respirators, our current on-hand stock is very limited.

While McCordick has inventory levels of N95 Particulate Respirators to support regular usage requirements, we are also identifying additional inventory sources to support the increased number of N95 Respirator requests in Canada. We are also actively looking to make available domestic-supplied options outside of our WorkHorse® brand. We are not accepting new usage at this time.

The WorkHorse® N95 Particulate Respirators on manual allocation include, but are not limited to:

Product Description:	Product ID:
WORKHORSE N95 MASK DISPOSABLE	SRS1011
WORKHORSE N95 MASK DISPOSABLE W/ VALVE	SRS1010V
WORKHORSE N95 1/PK MASK DISPOSABLE W/ VALVE	SRS1010V-1(B)Q
WORKHORSE N95 5/PK MASK DISPOSABLE W/ VALVE	SRS1010V-5(B)Q
WORKHORSE N95 20/BX DISPOSABLE MASK	SRS1010
WORKHORSE N95 1/PK DISPOSABLE MASK	SRS1010-1BQ
WORKHORSE N95 3/PK DISPOSABLE MASK	SRS1010-3Q
WORKHORSE N95 10/BX WITH EXHALATION VALVE	SRS1011V

Due to increased demand on other NIOSH approved Particulate Respirators, the below McCordick Respirators have also been placed on manual allocation.

Product Description:	Product ID:
WORKHORSE BLUE FOLD UP MASKS LATEX FREE	RS8700
WORKHORSE HALF MASK P100 FILTER ASBESTOS	SRS871514Q
WORKHORSE CLAM PACK WITH 2 ORGANIC VAPOR & 2 P95 FILTERS	SRSR871516Q
WORKHORSE CLAM PACK WITH 2 P100 FILTERS	SRSR871515Q
WORKHORSE HALF MASK P95 PAINT&PESTICIDE	SRS871517Q
WORKHORSE REPLACEMENT P95 FILTERS 6/BAG	SRSRP95Q
WORKHORSE R95 1/PK CARBON FILTER DISPOSABLE MASK	SRS1013-1Q
	SRS8501-5Q
WORKHORSE NON TOXIC DISPOSABLE DUST MASKS	SRS8501-25Q
	SRS8501-50Q

Please note there is domestic stock in addition to the items listed above that is also on manual allocation. Stock and availability is restricted, and limited due to supply.

If you have any further questions, please contact your McCordick Account Manager, or a member of our Customer Service team at **1-877-623-4455**.

Thank you for your patience and cooperation during this time. We value your continued support and business.
